Welcome Schmian Evans, our new Training and Outreach manager at Openhouse! She prides herself in being an educator, pastor, public theologian, and activist. She holds an M.Div. degree, with an emphasis in Sexuality and Religion, from Pacific School of Religion, an M.A. in Women and Gender Studies from San Francisco State University, and a B.A. in Gender Studies from California State University Stanislaus. For more than a decade, Schmian has been an advocate for historically marginalized populations, serving as an educator, advocate and organizational leader in a wide variety of settings. Today, she continues her advocacy work as a “bridge builder,” often sought out to facilitate conversations in spiritual communities seeking to explore the complexities associated with sex, gender and sexuality variances. She looks forward to bringing her passion and unique skill sets to Openhouse in service of LGBTQ+ seniors.

This month we say farewell to our Support and Wellness Program Manager, Duff Axsom! Thank you for being an incredible part of our team! We wish you all the best!

.....
It is with sadness and gratitude that I will be leaving Openhouse on June 30th. The past three years have been an amazing journey for me reconnecting with the LGBTQ community that has sustained me in San Francisco since 1967. The Openhouse family has grown into one of the most important resources for older LGBTQ folks. To have been a part of that development is truly one of the most significant in my career and one that I could never have imagined coming in this stage of my life. Thank you for your friendship, support and all the joy that you have given me as a community.
.....

Openhouse celebrates the year-long internship of Maggie Furey and José Buenrostro. Maggie and José will complete their work with our community at the end of June. They have made a significant impact with their group facilitation and one-to-one counseling support. Each has grown in their connection to our senior LGBTQ community and they have developed significant relationships with so many. Many thanks to both for a year of caring interactions with staff and community members. We wish them all the very best in the next stages of their careers.
